“Truly I tell you, whatever you did for one of the least of these brothers and sisters of mine, you did for me.” Matthew 25:40

### BB/GB program

After the first 3 months of a crazy lockdown we were able to start the ministry with lots of new rules, but it was worth it doing in spite of extra work; repeating the same class twice , each class/program programs had to be done twice because of social distance.

First big test was with grade 5 and 6, running the boys and girls brigade 76 kids, 4 groups ... but it was a blessing , and Honoria that had been in Brazil for 2 years doing seminar just revealed herself, taking leadership, training, preparing stories, dramas, dance and together with the young people and teaches that run the BB/GB program, they are doing an amazing Job teaching the kids about who they are in God.

The same group of young leaders, together with some volunteers also started another youth program on Saturday afternoon and we are very happy to see what God is doing in the group and the people that are coming to the program.

Honoria teaching

Taking the church to serve in another ministry in the mountains no social distance in the mountains

# Serving the Kingdom

We were invited to help YWAM in the ministry they have in the mountains, they usually gets lots of volunteers through the year but this year with the COVID 19 situation, there is no volunteers coming to the country so they have been asking for a hand, we went there with the young people and they had a great time, going house to house sharing about Jesus,

doing drama, leading kids ministry and having lots of fun as well serving the own people in the village.

## Clinics

Lebutum

The clinic continues the work in the normal schedule now, being very careful and being the answer for so many people in the mountains that can not afford to come to Dili for a consultation..lives are being saved and the love of God being spread.

The mothers and baby program are growing, immunisation programs and family planning are some of the other programs running more often now.

## The Disability Center

The Disability Program continues ..lots of new challenges like getting an ear aid for Ina, she is a great kid with a sad story but God is changing that , she needs a hearing aid to be able to hear and speak better.

Ina hearing test in Dili

Ina at school

## Sidara Garden

The Sidara people are very happy with the result of the Vegetable garden and fruit garden .What a blessing to be able to bless te school in Hera and Sidara with vegetables and fresh fruits, also having fresh vegetable for the families and sell some to pay wages for the people working hard in the garden. God is good.

Sidara PreSchool

Waiting to wash the hands (Hera)

In Spite of everything,

God is doing amazing things and we are happy to know you are part of it.

Thank you!

Please keep praying for our healthy

For Salvation

For this new generation to really know the Father God.

For the daily needs around us,

Blessing

From Us
